

# Training and Competency

## JFO prides itself on putting QHSE at the heart of all its operations

Working alongside Ingersoll Rand, JFO were instrumental in developing the first dedicated winch and hoist training programme.

All of JFO pneumatic technicians have been trained and certified by OEM to work on all our clients equipment.

We overhaul, test and re-certify as per OEM, all models of Ingersoll Rand 150kg man riding winches. We hold all service kits/spare parts ex stock allowing us to turn around 150kg man riders within 7-10 days. This gives our clients peace of mind that their man riding winches are fully certified and safe for use offshore.

For more information on how Fisher Offshore can add value to your offshore operations visit [www.fisheroffshore.com](http://www.fisheroffshore.com) or contact one of our specialist consultants at [info@fisheroffshore.com](mailto:info@fisheroffshore.com) or call +44 (0) 1651 87 39 32
