

AKC145 LHE4

The AKC 145 LHE4 comes complete with a dedicated HPU, transport base with incorporated seafastening plates. Benefiting from dual control local and Canbus remote control allows the operation of the crane both from the dedicated operator's seat and also on deck ensuring best line of sight at all times.

The AKC 145 LHE4 has incorporated manual sea state limiting mechanisms allowing the operator to pre-set the actual sea state limiting the SWL of the crane and winch preventing overload damage when operating in adverse weather.

AKC145 LHE4	
Winch lifting capacity	4,300 (all radius)
Maximum outreach	16.89m
Slewing angle	360° continuous
Controls	Remote or local
Recommended pump capacity	115LPM
Max. working pressure	245bar
Weight of crane + skid	23,000kg
Dimensions	7.44L x 2.3W x 3.1H (m)
